to Another Revolution

CLASHES IN MANY PLACES

Government Proclaims State of
Siege in Whole of the Rhineland,
Defying the Miners

(By United Press.)

Paris, April 2.—A Copenhagen dispatch today declared a general strike has been proclaimed in Berlin. The government is said to be preparing to repress it in every way.

Rome, April 2.—A newspaper here announced that the royal dynasty has been deposed in Serbia and a republic proclaimed in Belgrade, according to a dispatch today.

London, April 2.—Violent outbreaks and sabotage throughout the Rhineland and Westphalia districts were reported in a Berlin dispatch to the Times today.

London, April 2.—The Berlin correspondent of the Times reported today that syndicalists in Spa are fomenting a revolution in Bavaria with headquarters at Munich. The Krupps have closed their Munich factories, throwing 4,000 men out of work.

Berlin, April 2.—The general strike is spreading through Germany. Clashes have occurred between workers and troops in various cities, resulting in casualties.

Indications are growing that the uprisings are inspired by the Spartacans, who are believed to be employing these disturbances to weaken the government, preparatory to declaring a third revolution.

The government has proclaimed a state of siege in the whole of the Rhineland defying the 50,000 miners there. The situation in that region endangers food shipment and the coal supply.

During rioting in Frankfurt, in the stormed several food shops. Three persons were killed and many wounded by rifle and machine gun fire. The mob then attacked the police station and a number of hotels. Government troops now control the city.

Many persons were killed and wounded in fighting with soldiers twenty-six miles northeast of Düsseldorf. Wurttemberg and several other cities have joined the general strike.

CATHOLIC CLERGY IS PERSECUTED, CHARGE

Interchange of Correspondence Between
Russian Bolsheviks and
Pope is Published.

20 BISHOPS ARE MURDERED

(By United Press.)

Rome, April 2.—A newspaper here today published an interchange of correspondence between Pope Benedict and the Bolsheviks regarding alleged persecution of the Catholic clergy in Russia.

The Archbishop of Omsk appealed to the pope to issue an official protest, stating that 20 bishops and hundreds of persons had been murdered and a number of churchmen wounded.

The pope sent a wireless to Premier Lenine imploring him in the name of humanity to stop these excesses. The Russian foreign minister replied that all Russians are equal and accused the pope of hoarding food.

MRS. GEORGE HUMES DIES

Expires at Home of Neice, Mrs. L. M. Clark, at Age of 80 Years

Mrs. George Humes, age 80, died at the home of her neice, Mrs. L. M. Clark in North Main street this morning at 10:45, death being caused by a complication of diseases. She is survived by several nephews and neices and was the last of a family of fourteen children. She was the daughter of J. P. Tompkins who was one of the pioneer preachers in this state. The funeral services will be held at the residence of Mr. and Mrs. Clark at 611 North Main street Friday morning at 10 o'clock and burial will be made in East Hill cemetery. The Rev. L. E. Brown of the Main Street Christian church will have charge of the services.

MRS. A. G. REEVE IS DEAD IN NEW JERSEY

Rushville Woman Expires at Mount
Claire of Pneumonia While Visiting
Cousin, Mrs. Oseick

BODY TO BE BROUGHT HERE

Mrs. A. G. Reeve, age fifty-six years, died at the home of her cousin, Mrs. Oseick, at Mount Claire, New Jersey where she was visiting yesterday afternoon, and the body will be sent here for funeral services and burial. Mrs. Reeve contracted a heavy cold several days ago and pneumonia developed, resulting in her death. She went to New Jersey less than a month ago.

Mrs. Reeve was born and reared in Holland and came to this country about thirty years ago and went to Colorado with her sister and the latter's husband. After the death of her brother-in-law, she entered nurse's training in a Cincinnati hospital, and twenty-four years ago came to Dr. J. C. Sexton's hospital here as a nurse. After twenty years of service in the local hospital, Mrs. Reeve was married to Mr. Reeve.

Besides her husband, Mrs. Reeve is survived by one sister, Mrs. Martin Ravenstein, of San Diego, Cal., who is on the way here to attend the funeral. She also leaves two cousins in Holland besides Mrs. Oseick of Mount Claire. The deceased was the third wife of Mr. Reeve, his second wife having been a sister of Mrs. Reeve.

CENTENARY TO BE SUBJECT AT BANQUET

Men of St. Paul's M. E. Church Will
be Entertained at Chicken Dinner
Friday Night.

OUTSIDE SPEAKERS COMING

On Friday evening of this week at seven o'clock there will be a men's banquet at St. Paul's M. E. church. No special invitations have been given but a general invitation has been extended to all the men of the church and to all of the men who attend the Methodist church, whether they be members or not.

A chicken dinner is to be served by the women of the church and the menu includes all the trimmings that go with such a dinner.

A splendid program of after dinner talks has been arranged. The speakers will include some of the men of the church and others outside of Rushville. Good music, good speeches and a general good social time will be the aim of the meeting. There will be no charge for the banquet. The Centenary, which is filling a large place in the activity of the church at the present time, will be the theme of the addresses.

VOTES TO RECEIVE STREET OIL BIDS

Council Fixes Wednesday, April 23,
as Date, With the Hope That
The Price Will Decline

BIDS ON COAL, POLES AND PIPE

Petition Requesting Pennsylvania
Not be Permitted to Install
Signal Bells is Denied

City councilmen had a busy session at the regular meeting of the council last night when bids for coal, poles and water pipe were received and other matters of importance came up.

The council summarily disposed of a petition requesting that the Pennsylvania railroad not be permitted to install electric signal bells at crossings in Rushville, by voting four to one, to lay the petition on the table. The ordinance to allow installation of bells has been passed.

The council decided to receive bids on oil to place on the streets, on Wednesday, April 23, and the city clerk was instructed to advertise.

Councilmen also agreed to a compromise of the suit brought by Michael Madden against the city for money alleged due for services performed seven years ago. Madden got a judgment for \$162 and costs against the city in the circuit court and the city prepared to appeal the case. Attorneys for Madden, however, agreed to compromise for \$120 if the city would pay the court costs amounting to \$18.10. The claim was inherited from former Mayor Black's administration.

The council has delayed advertising for bids on oil with the hope that the price would decline and that the freight rate, which was boosted during the war to make building and road repair materials expensive, would be lowered by the government. Councilmen say the best price quoted on oil at present is twelve cents a gallon. They declare that it would be next to impossible to oil the streets with oil at this price because when the street oiling levy was made, it was not expected that the price would be so high. The council decided, however, to ask for bids in the hope that the price would be down in three weeks.

The council also confirmed the vacation of Pearl street, the time having passed for remonstrances to be filed. The proceedings to vacate the streets were carried out for the purpose of obtaining additional ground to build an addition to the water, light and power plant, which will be necessary when the capacity of the plant is doubled.

The petition urging the council not to supplant the Pennsylvania flagman here with electric signal bells, was signed by two hundred and eight persons. It set forth that flagmen were a far greater protection than bells, which sometimes fail to work. The petition also pointed out that the Pennsylvania crossings were the most dangerous in Rushville because of the route which the railroad follows through the city.

Chauncey Duncan, who appeared for the petitioners, declared that the greater part of the adult population of the city crossed the railroad every day and that a large number of school children were compelled to cross it in going to and from school. He recalled the accident at the Seventh street crossing on Sunday, several years ago, when a small girl was killed by a Pennsylvania train.

George B. Moore, Jr., clerk of the circuit court, is suffering with an attack of the mumps.

CAMPAIGN PLANS WERE OUTLINED

Tentatively Agreed at Loan Conference That Each Township
May Use its Own Methods

5 TOWNSHIPS REPRESENTED

Reports on Seventh Federal Reserve
District Meeting Made by Officials Who Attended

Five townships were represented at the conference held in the court house yesterday afternoon to make preliminary plans for the Victory loan campaign in this county. Reports of the seventh federal reserve district conference in Chicago week before last were heard and short addresses were made by a number of the workers.

Suggestions for putting over Rush county's quota were made, but practically the same methods as have been employed in past campaigns will be used, judging from the tenor of the comment by the township representatives who were present. It was practically agreed that each township should work as a unit and should resort to whatever policy deemed necessary, on the theory that the local workers know the conditions better than anyone else.

Another meeting of township executives will be called by T. M. Green, county sales director, as soon as publicity matter arrives and is ready for distribution.

There were many women among the crowd attending the conference. It was tentatively agreed that the women's organization of the county would co-operate with the men's organization in selling the bonds.

Earl H. Payne, county chairman; Mrs. A. L. Stewart, women's sales director for the county; Miss Frances Frazee, women's publicity director, and T. M. Green spoke of the Chicago conference which they attended, giving an idea of the desires of the district executives in regard to the campaign. Short talks were also made by E. B. Thomas and A. L. Gary.

Among the trophies of the world war allotted to Indiana for use in the campaign are 1,253 German helmets, captured on the battlefields of France. These will be offered, probably later by the advertising promoters of the Victory campaign.

May 4th has been designated Victory Loan Sunday and ministers of the state will be asked to devote at least a portion of their day's program to a statement of the necessities and purposes of this great campaign for funds.

A feature movie "The Price of Peace," in addition to special contributions from leading stars of filmdom has been announced for distribution in the state, under the direction of Frank J. Rembusch, president of the state association, who will direct this phase of the publicity campaign. This picture is said to be a most comprehensive and graphic showing of the activities of the War College, the Signal Corps, the marine corps and the Navy Division of the Red-Cross.

The Victory campaign will be featured by a special campaign of educational appeal to the rural inhabitants of the state. Walter Q. Fitch, of the extension division of Purdue, secretary of the Indiana Committee on Food Production and Conservation is devoting a large part of his time to organizing the agricultural interests of Indiana to support the Victory loan campaign.

The fact that the government has provided the funds necessary for supporting the guarantee of \$2.20 per bushel for wheat is said to have been the source of much encouragement to the farmers of the state who are still holding a large portion of their 1918 crop and have

THOMAS PERKINS IS DEAD

Expires of Cancer After an Illness
of 18 Months

Thomas Perkins, age 59, died at his home in North Pearl street last night about 10 o'clock from the effects of a cancer of which he had been a sufferer for a period of 18 months. He is survived by the widow; two daughters, Mrs. Alden Rodgers of Lewisville, Indiana and Miss Elsie Perkins of Indianapolis, and five sons, Frank of Indianapolis, Will of Flint, Mich., Len and Glen of this city and Don of Indianapolis, and a sister, Mrs. Missouri Greenlee of Shelbyville. The funeral services will be held at the Methodist Episcopal church Friday afternoon at 2 o'clock and interment will be made in East Hill cemetery.

SCORES IN RICHMOND TO HEAR SEN. WATSON

Big Delegation From Rush County
Attends District Republican
Rally Today

STATE LEADERS ARE PRESENT

Scores of Rush county people went to Richmond today, both by automobile and by rail, to attend the sixth district republican rally, the chief feature of which will be an address by Senator James E. Watson on the league of nations at the coliseum in Richmond tonight at 7:30 o'clock. A number of republicans went this morning in order to be present at the district organization meeting this afternoon.

The meeting assumed the proportions of a state gathering as E. M. Wasmuth and L. W. Henley, chairman and secretary of the state republican committee; P. J. Lynch, clerk of the state supreme court; L. S. Bowman, assistant state auditor, and other state leaders were expected. Senator Watson was due in Richmond this morning at 10:10 o'clock and was to take lunch with Rudolph C. Leeds.

Two thousand copies of the covenant of the league of nations as presented to the senate by President Wilson will be printed for distribution among the crowd in the Coliseum, and Senator Watson will speak from a copy of the covenant, so that he may be followed point by point.

MAYS POOL ROOM OWNER IS ARRESTED

George Myers is Indicted For Operating
Slot Machine and Punch
Board—Admitted to Bail

VERDICT FOR JOHN WALLACE

George Myers, owner of a pool room at Mays, was arrested by Sheriff Jones today on two grand indictments charging him with keeping gaming devices. He was arraigned before Judge Sparks, but did not enter any plea and was admitted to \$100 bail in each case. Myers is accused of operating a slot machine and punch board in his pool room.

The case of the state against Mrs. Blanch Alzman, which was set for trial today, was postponed on account of the illness of a witness for the state. The jury returned a verdict for the plaintiff last night in the case of John Wallace against Howard Mathews, for conversion, in which \$50 was demanded. The jury, which deliberated about an hour, awarded judgment for \$36.

The case of the state against Frederick Hillgoss, who was charged with speeding in a grand jury indictment, has been nolleed for the lack of evidence.

PRESIDENT AGAIN PROPOSES SPEED

Effort is Being Made For Clause

Without Naming Sum

COMMISSION TO STAY ON JOB

Final Decision Upon Most Important
Questions Will be Reached by
Saturday, It is Stated

(By United Press.)

Paris, April 2.—Allied financial representatives today will confer with the German financial mission which arrived yesterday. Soldiers and police are guarding the castle in which the Germans are quartered. The civilians in that vicinity are unaware of their presence.

Paris, Apr. 2.—When the Big Four renewed their session today, President Wilson was represented as proposing that the present work be greatly speeded up.

Economic blockade of Poland and Estonia has been lifted, effective today. Austria was also granted freedom from some trade restrictions, although the blockade still continues.

An international trade commission will be established in Vienna to prevent re-exportation of goods to Germany.

All countries except Germany, Russia, Hungary and Lithuania are now open to world trade. There was said to be a proposal that Hungary be given economic freedom.

An effort is being made, it was learned today, to insert a formula in the peace treaty for exact reparation from Germany without naming a certain amount. This formula clearly establishes the principle on which Germany must pay, leaving to a special allied commission the task of determining how much.

The special commission, according to present plans, would continue in existence over a period of years, following the German financial and commercial conditions and exacting damages. It would also be compelled to make inventories.

King Albert is expected to confer with the Big Four regarding Belgium's claims in collection of indemnities.

Albert conferred with President Poincare this morning and is scheduled to meet Premier Clemenceau this afternoon.

Final decision upon the most important questions before the peace conference will be reached before Saturday, according to belief expressed in certain official quarters today.

Meanwhile Marshal Foch is expected to make plain to Mathias Erzberger at Spa tomorrow that the allies will not stand for any trickery of any source at Danzig or any other place.

Foch, it is believed, has drawn over the Big Four to his ideas regarding the Rhine question, elimination of all military works on the left bank and within a zone of 31 miles on the right bank. An agreement seems to have been reached that France shall have the right of the entire Sarr valley as compensation for destruction of mines in northern France. The Sarr region probably will be controlled under special regulation to be incorporated in the final treaty.

Information received here in official circles indicates that Germany is more in the mood to sign the treaty than even four days ago. It is believed Foch will increase this inclination.

20,000 TO ARRIVE TODAY

New York, Apr. 2.—Nearly 20,000 troops were scheduled to arrive here today from overseas. The giant steamship Leviathan docked shortly after noon with 12,050 on board, and the Henderson with 1500 troops.

What You Need For the FARM

Our Soil Pulversizers or Cultipackers are in a class by themselves. We price them with a tongue truck, no extra (No Hold-up, see). And our Manure Spreader, with Straw Attachment are the best things you ever saw. And when it comes to Corn Cultivators—I don't want to tell you about them, but want to show them to you. They have more good features and it would take too long to tell about them here. Seeing is believing. Gas Engines is a specialty with me, and I am sure that I know the engine better than any man in Rushville, and when I tell you that I have the best proposition in engines, you will agree with me. When it comes to a Wagon—you are aware that the WEBER has the quality, and whenever you tell a wagon dealer that you are going to look the WEBER over, then you take the backbone out of that dealer, for he knows that the WEBER is the best wagon made. The McCormick and Deering Binders and Mowers, you can always get repairs for.

We do not sell any machinery you won't need repairs for, but we keep the repairs you need, thus, you see, we save you 30 cents for telephone and 60 cents for express. Remember that you will always need repairs, and any merchant that tells you that he can sell you Farm Tools that will never need repairs is trying to hand you a LEMON, and every farmer knows this to be the truth. Every implement I sell you will need repairs sooner or later and when you want them I will have them, and that means 90 cents saved for you, as well as from ONE to FIVE days' wait, and then may not get them.

The Bean and Pea attachment for the C. B. & O. Planter will cost you \$2.50 extra, and not \$15.00. And, by the way, you want to look this Planter over, with its automatic guide, never touch the guide or marker from the time you drive in the field until you drive out. And when you look this planter over you will see that it has more up-to-date features than any planter made, and you certainly want the up-to-date tool and not the one that was up-to-date ten years ago.

TRACTORS, TRUCKS, THRESHING MACHINES, ENSILAGE CUTTERS, and SHREDDERS—all at the very best price. Remember you WANT WHAT YOU WANT WHEN YOU WANT IT. Come in and we will absolutely tell you the TRUTH on anything you want. DON'T forget the McCormick and Deering Binder TWINE.

PROPER FERTILIZERS

GIVE "PE" TO GARDEN

Limited quantity of high-grade commercial fertilizer can be used to advantage on garden soils even where a considerable supply of barnyard manures have been applied. Commercial fertilizers act quickly and can be used to special advantage where it is desired to mature crops in a short period of time.

The best results can be obtained by the use of fertilizer on land that

common is by scattering the fertilizer broadcast over the land after it has been plowed and harrowed, then giving the soil a second and even a third harrowing to mix the fertilizer with it thoroughly. Another method is to apply the fertilizer underneath the rows, the plan being to open the furrows, scatter in the fertilizer, then, by means of a single-shovel plow, thoroughly mix the fertilizer

Some back yard and community gardens in Washington, D. C.

is well filled with organic matter. However, fair results may be obtained by the use of fertilizer on land that has not been manured and which is deficient in organic matter, according to the specialists of the United States Department of Agriculture.

The great danger in the use of commercial fertilizers is that too large quantities may be applied and cause injury to the plants. It must be borne in mind that commercial fertilizers are a very concentrated form of plant food and, therefore, should be used in moderation.

Market gardeners frequently use as much as 2,000 pounds of commercial fertilizer on an acre of ground. This would be at the rate of about 4 or 5 pounds to a plot of ground 10 feet in each direction or 100 square feet. Assuming that the average city or back-yard garden is about 30 by 60 feet in size, 50 to 70 pounds of standard high-grade truckers' fertilizer would be all that would be safe to apply on a garden of those dimensions. Under most conditions 50 pounds will be the maximum amount to use.

Commercial fertilizers are usually put up in sacks containing 200 pounds, and a good plan would be for several gardeners to join together in buying fertilizer.

There are two or three methods of applying commercial fertilizers in general use. The first and most

with the soil in the bottom of the furrow. The surface soil is then returned and no seeds are planted for a few days until the fertilizer becomes thoroughly incorporated with the soil.

The third method of applying commercial fertilizers is to use them as a top or side dressing along the rows of plants during the period of growth. Nitrate of soda and fertilizer mixtures containing a considerable percentage of nitrogen are generally used for this purpose. When using fertilizer as a side dressing, care should be taken that it is not applied too near the base of the plants, but at a little distance from the row, and then it should be cultivated into the upper 2 or 3 inches of soil, so that the small feeder roots of the plants will gradually reach it.

The three elements of plant food contained in commercial fertilizers are phosphoric acid, nitrogen, and potash. Nitrogen has the effect of stimulating the leaf growth, and phosphoric acid and potash have a tendency to increase root growth and to mature the seeds of the plants. Root crops and potatoes require a reasonable amount of potash. Corn, beans, and others of the garden crops which are grown for their pods or seeds, want a sufficient supply of phosphoric acid, while lettuce, celery, Swiss chard and others of the salad or leaf crops require plenty of nitrogen.

FOR MALICIOUS TRESPASS

Ed Benedict Fined \$1 and Costs Following Trial

Ed Benedict was fined \$1 and costs for malicious trespass by Mayor Irvin, late yesterday afternoon, after a trial lasting more than two hours, in which Mrs. Orville Collier, 810 West Ninth street, was

the prosecuting witness. The charge was preferred against Benedict because he hauled a barn which he was moving for Dora Edwards, across a lot belonging to Collier's and adjoining their property. A charge of malicious trespass and one for trespass against Clay Benedict, son of Ed Benedict, were dismissed. An affidavit charging trespass against the elder Mr. Benedict was also dismissed. More than a score of people from the neighborhood were witnesses. Mrs. Collier testified she warned the defendants not to haul the barn across the lot.

Winning

POOR HEALTH is a handicap that few overcome when striving to win success. Good health helps in winning life's battle. It brings strength, energy, endurance, power, zeal.

Foley Kidney Pills

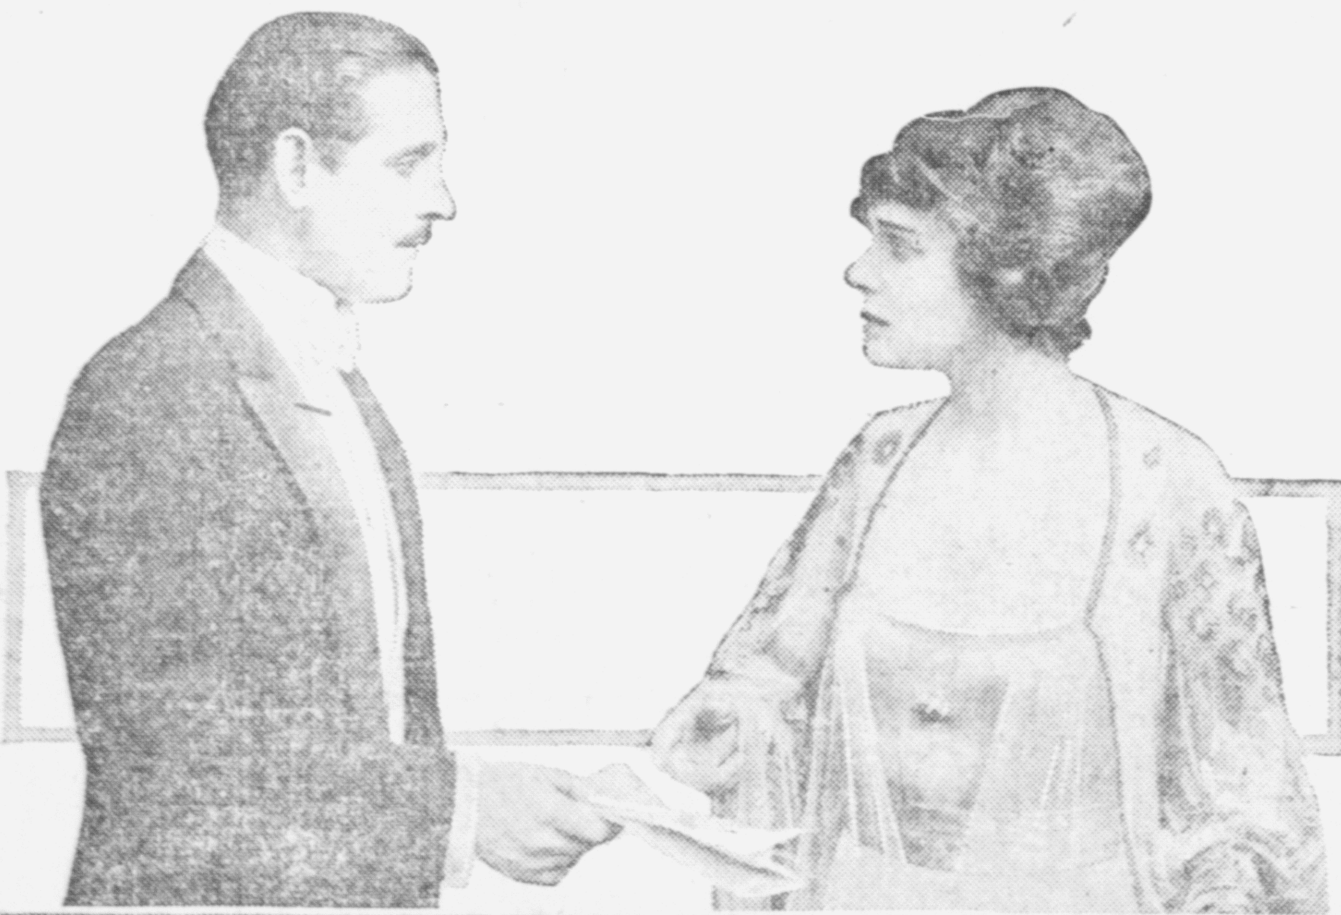

have helped thousands to health and happiness. They strengthen and heal weak, overworked and deranged kidneys and bladder, so that the disease producing waste is carried out of the system. They banish backache, rheumatic pains, stiffness, soreness.

Miss Sara Weston, 120 Kishwaukee Street, Belvidere, Ill., writes: "I am pleased to state Foley Kidney Pills made a great difference in me. I was in great agony. I could not stoop down, and when I was down I had to crawl up by a chair. I was so lame all over I suffered agony. Now I feel like a new person, stronger and better in every way. My general health is quite improved. I can and do heartily recommend Foley Kidney Pills to all suffering in the way I did."

The Immigration Bill.

Among the bills which failed to pass in the closing hours of the sixty-fifth congress was a bill restricting immigration for the next four years.

The failure to pass this bill was migration into this country has almost ceased since the great war began. If it is desirable to limit immigration the present is the time to do so. It will occasion less inconvenience and create less feeling than at a period when the immigration tide might be at full flow.

After a war there is always a time when manufacturing and commerce refit themselves to the conditions of peace. At such a time capital is timid, and it is only step by step that established enterprises broaden their scope or new ones advance. Over a million young men are now returning from France to conditions as we have just described. We cannot tell whether an influx of immigration from Europe might be probable or what effect it might have upon this country. But we do know that it is our clear duty to protect

our young men against any bad results which such a possible influx of European labor might cause.

The United States has always been known as the "refuge of the oppressed of all nations." By restricting immigration for a time it will not abandon its principles. It is in the position of a man who has always been truly hospitable and has opened his house for the shelter and comfort of many people. The time comes when he wishes to repair and refit his home, and to study the possibilities of achieving a broader usefulness in the future. To bring this about he must close the house for the time being.

It is hoped that when the sixty-sixth congress convenes it will at once take up the consideration of the immigration bill which failed of passage or of a similar one. The present conditions demand it.

The Feel of Spring.

When spring comes we all feel the influence of the mild air and sunshine and general renewal of the year.

Our winter garments and furnishings seem worn and heavy and dim, and we long for the fresh spring dress or coat, and trim new pumps or oxfords, and the new hat that befits the season.

And when we look the house over we see the need of fresh curtains in this room, an ew rug in that, a piece of new furniture elsewhere.

Remember that our local dealers have fresh and reasonable stocks to show you. You will be able to thoroughly examine your goods before purchasing, and will have the attendance of people whom you know, who understand your needs and tastes and will give you pleasant and courteous service.

How can a boy who has to pay a luxury tax of ten per cent on baseball bats and mitts ever be expected to grow up into a man and a soldier?

When a woman has her hands full all day, cooking and washing dishes, sweeping and sewing, and then find that her work is never done, it is hard to convince her that there is an unemployment problem.

The new victory loan will amount to six billion dollars. Put your hand into your pocket and see how much of it is there.

The horse is disappearing so fast that it is doubtful whether there will be a dark horse left by the summer of 1920.

A gathering of women in their new spring hats looks like a flower garden.

Germany's Bill will cost her forty billion dollars.

AN OPEN LETTER TO UNCLE SAM

By WILLIAM WALLACE COOK

Dear Uncle Sam:

I'm just a plain American whose heart has thrilled with pride as through this war I've done my modest part to help our boys on land and sea. I could not tote a gun; My hair is gray, my form is bow'd, my years are nearly run. I could not march beneath the flag, I could not face the foe—As others faced him overseas—and give him blow for blow. Old Time has worked his will with me; and so it was my fate To have this Armageddon come some fifty years too late. And yet I've helped! My dollars fought, if not my flesh-and-blood; My dollars did their bit to stem the mad Teutonic flood. And some I gave the Crimson Cross to bind the wounds that bled; And some I gave the orphaned ones who cried aloud for bread; And some I gave to comfort those who bore the battle's brunt And, weary, sought a breath of home behind the fighting front. An old man's pride is here, I trow; an old man's love, as well; A dollar's blessing of heaven when it cheers in war's red hell; Yet here my duty could not stop; it ran to needs beyond; Of every loan you issued, Sam, I bought a goodly bond. I made myself this slogan, in the thought of duty done: **THE MAN BEHIND THE BOND'S BEHIND THE MAN BEHIND THE GUN!** You gave me, Uncle Samuel, what worldly gear I've got. For here the chance to work and win is every person's lot; In Freedom's cause our fathers wrought—those men of sterling worth—A heritage of glory for the chosen of the Earth! I fear that sometimes we forget, so keenly we pursue Our individual destinies, the debt we owe to you. No country can be greater than the citizens it holds; No flag no better, brighter, than the faith that flag enfolds. And freemen are not freemen when the crisis bravely met, They will not, if they must, give all to pay their freedom's debt. And so this loan for Victory I'll make my proudest boast—I'll lend my money to this Loan unto the uttermost! I'll make another slogan and I'll fling it wide and far: **THE MAN BEHIND THE BOND'S BEHIND THE PEACE BEHIND THE WAR!**

AMERICA'S IMMORTALSGEORGE H. MALLON,
Captain, 132nd Infantry.

Capt. Mallon was decorated for intrepidity beyond the call of duty in the Boisse de Forges, France, September 26, 1918. Becoming separated from the balance of his company because of a fog, Capt. Mallon, with nine soldiers, pushed forward and attacked nine hostile machine guns, capturing all of them without the loss of a man. Continuing on through the woods, he led his men in attacking a battery of 450 mm. howitzers which were in action, rushing the position and capturing the battery and its crew. In this encounter Capt. Mallon personally attacked one of the enemy with his fists. Later when the party came upon two more machine guns, this officer sent men to the flanks, while he rushed forward directly in the face of the fire and silenced the guns, being the first one of the party to reach the nest. The exceptional gallantry and determination displayed by Capt. Mallon resulted in the capture of 100 prisoners, eleven machine guns, four 450 mm. howitzers and one anti-aircraft gun. Capt. Mallon's home address is 1381 Hallock street, Kansas City, Mo.

State Council of Defense—The action of the governor in using the credit of the state in borrowing \$100,000 to finance and carry on the work of the state council of defense was legalized and \$105,000 was appropriated to defray all expenses incurred and the funds borrowed for the state council. The act was effective Feb. 28.

Contractors' Relief—Prior to the declaration of war many contracts had been awarded by the boards of county commissioner for the construction of highways and bridges, the execution of which were seriously interfered with because of the advance in the price of materials, the rate of wages, the scarcity of materials and the promulgation of the supplying or shipment of certain essential materials. By virtue of an act which became effective on March 13, any contractor may file a petition with the board of commissioners asking relief from the further execution of any highway or bridge contract entered into prior to June 1, 1917. After giving notice in a newspaper and holding a public hearing, the commissioners may release any contractors from the obligations of his contract if the execution thereof is affected by war condition.

GIVES FIGURES ON CATTLE FEEDING

A. B. Hall of Ripley Township Presents Results of Experiment at Meeting Tuesday.

THIRTY FEEDERS PRESENT.

Prof. F. G. King and P. S. Richey, Experts in Cattle Feeding, Make Short Addresses.

About 30 feeders attended the cattle feeders meetings held yesterday at the A. B. Hall farm in Ripley township. Mr. Hall presented his figures on his feeding operations. He said his 35 head of cattle cost him \$10.85 per cwt. in the feed lot, and had made an average daily gain of 2.87 pounds per day at a cost of \$16.63 per cwt. The necessary selling price was 12.29 per cwt., to have pay for feed and interest and to come out even. He was offered \$16.00 per cwt. for his cattle a few days ago, which would have insured him a good profit on the operation, but he refused the offer he stated.

Mr. Hall doesn't believe in feeding large quantities of corn at the present price. His daily ration was as follows: corn 6 lbs; silage 43 lbs; cottonseed meal 2.5 lbs; oat straw 2 lbs; corn stover 2 lbs.

Prof. F. C. King, who has conducted the cattle feeding experiments at the Indiana experiment station for eight years, talked on his experience in cattle feeding work. He pointed out that cottonseed meal or other protein supplement was necessary in successful cattle feeding.

Speaking of soy beans, Mr. King said: "Cattle soon tire of the ground bean, and when soy beans are used for silage, experiments do not show that they have any value in balancing a ration." The silo in his opinion, is an important factor in cattle feeding, for when silage was a part of the ration in his experiments, the average cost of a hundred pounds of grain was \$1.47 less than the average of the experiments when no silage was used, and the selling price of the silage fed cattle was 20 to 40c per cwt. higher if sold after a short feeding period, but about the same in either case after 180 day feed.

P. S. Richey, assistant in animal husbandry extension, gave a short talk on the selection of feeds, in which he pointed out the fact that a ration must be balanced in price as well as in chemical composition. Mr. Richey classed feeds in three general classes: home grown feeds, straight by-products, and mixed feeds and emphasized the fact that home grown feeds properly supplemented with a high protein feed are always the cheapest.

"When home grown feeds cannot be had, straight by-products may be substitutes as a second choice," he said.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets

bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

Indianapolis, Ind.—"I am most pleased to say for 'Golden Medical Discovery' that I like it as a spring medicine. I was employed in a cloak house and used it for a toning-up medicine. As a general tonic I know of nothing better. You may use this recommendation to benefit others."—Mrs. G. P. Bacon, 733 Elm St.

BERNSTORFF TAKES PART OF DEMOCRAT

Admits He Has Joined the Party and Admits He Has Been Taken into The Fold.

SPOKE OF "THE DEMOCRATS"

Joining the Democrats Restablishes Former Ambassador Solidly With The Government

By FRANK J. TAYLOR

(U. P. Staff Correspondent.)

Berlin, March 6. (By Mail).—Count Bernstorff has joined the ranks of the Democrats. He admits he has joined the party and the party admits he has been taken into the fold, though no statement came out officially.

Bernstorff's fluctuation into the Democratic Party came out in an unconscious and amusing way. In the early days of the revolution, in December, he spoke of "the democrats" and "the socialists."

By the end of January Bernstorff spoke, unconsciously or otherwise, of "we democrats." On inquiry he stated he had joined the Democrats and took part in their councils.

Joining the Democrats has re-established Bernstorff solidly with the Government, since the Democrats are in coalition with the Majority Socialists.

Bernstorff was mentioned among the first of the "Democrats" to get a seat in the new cabinet. He is in good favor with Germans generally, who appreciate his ability, but are dubious as to the way his presence in the government will be taken by the so-called "countries," especially America.

There was a strong movement to send him as a peace delegate, which was held back only by apprehension over his possible reception. For this reason a systematic inquiry was instituted among Americans and Englishmen in Berlin as to how the Count would be received. The results hardly strengthened his position.

Another means of "inquiring" was the report sent out from Berlin and then branded as a "mistake" that Bernstorff had been appointed as a peace delegate. The Germans watched eagerly for the reaction from the Allied Press.

SHORT COURSE IN BEE KEEPING IS OFFERED

Will be Held at Purdue University For Five Days Beginning Monday April Seventh.

GOOD SPEAKERS ARE LISTED

A short course in bee keeping will be held at Purdue University from the 7th of April to the 12th. This course is not only for commercial bee-keepers as first thought but for men who are interested in the production of bees whether it be on a large or small scale, thus giving all the same advantage to hear the talks by experts in this industry. An incidental fee of \$1 will cover the entire expense of this course. Bee-keepers are urged to come on Monday and be prepared to stay the remainder of the week, as the course ends Saturday at noon on the 12th. Many of the best speakers available on this subject have been procured and will have a part in the program. W. E. Stone is president of the Beekeepers' association and

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

will deliver the first address at 1 P. M. Monday. Tuesday E. F. Phelps will lead the discussion with "The Fundamentals of Beekeeping Practice Outside of Active Season." Jay Smith and B. F. Kindling will also have an important part in this program for the day. Wednesday's program will be conducted by G. S. Demuth, E. G. Baldwin and J. H. Skinner. Mr. Demuth will speak on "The Evolution of Bee-keeping Practice in the United States." Dan Erbaugh will have an important part in Thursday's program and will speak on "The Best and the Worst of Indiana Bee-keepers." Friday's program also promises to be very interesting and the course will be closed Saturday at 11:30 by a speech on "The Disease Situation in Indiana" by Frank Wallace.

THREE HOOSIERS IN LIST

Casualty Report Today Names Sixty-One Men

Washington, April 2.—The following casualties are reported today by the Commanding General of the American Expeditionary Forces: Died of accident and other causes, 39; wounded severely, 6; wounded slightly, 16. Total 61.

Three Indiana men were reported in the list. Died from accident and other causes—Bugler Wilbur T. Gallagher, Logansport, Indiana.

Died (previously reported missing in action)—Private Robert Curtis, Mount Vernon.

Returned to duty (previously reported missing in action) Attileo Banassa, Indianapolis.

LINEMAN LOSES BOTH HANDS

Muncie, Ind., April 2.—Ora Moore, a lineman, whose hands and arms were burned when he grasped an electric wire carrying 2,300 volts, has undergone an operation at a local hospital. Both hands and forearms were amputated. It is believed that he will recover.

CLUBS WILL CHANGE WITH PROHIBITION

With the Passing of the Bar it is Thought That the One Incentive Will be Gone.

CHIEF FINANCIAL SUPPORT.

(By United Press.) San Francisco, April 2.—Club life, a big feature here, may become extinct with total liquor prohibition, according to officials of the social clubs.

The war tax on dues of 15 percent

will be a contributing feature to the demoralization, it is believed.

With the passing of the bars, it is said, the one biggest incentive to the social club will go out also. Then, the bar has been the chief financial support for the average club.

The Pacific Union, a "rich man's club", with an entrance fee of \$400 and a monthly fee of \$10, now offers its privileges to the new member for an initial outlay of \$471.50. This is not necessarily objectionable, but without the bar, the sum would look very large to many.

The Bohemian Club, University Club Olympic Club and the Union League all take a serious view of the future.

FUNERAL SERVICES OF JOHN BARLEYCORN HELD

No Flowers on His Bier When he Was Laid to Rest After a Very Impressive Ceremony.

AT MASONIC TEMPLE TODAY.

Indianapolis, Ind., April 2.—“Good Bye John. You're gone never return.”

With these words and a smile Indiana's dry federation today laid to rest the last John Barleycorn who died in Indiana at the hands of the general assembly and who will disappear as a national figure in July.

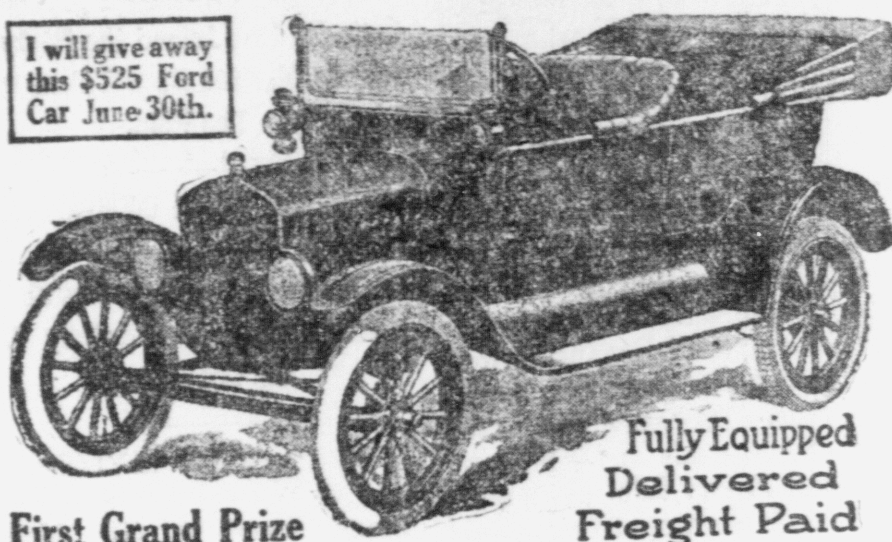

There were no flowers on John's bier. He did not look natural. He had shrivelled to the size of a quart bottle and his internals had been removed as the remains lay in a casket at the Masonic Temple here today.

The occasion was the celebration of the first anniversary of prohibition in the state and jollification over ratification of the national prohibition amendment.

Six ministers acting as pallbearers and another leading the funeral procession to deliver the last rites, wore smiles and the eulogy differed radically from those usually heard at a funeral.

THOMPSON RE-ELECTED MAYOR OF CHICAGO

Incomplete Returns Show Him Victorious Over Five Opponents by Plurality of 15,000

SWEITZER A CLOSE SECOND

Chicago, April 2.—Mayor William Hale Thompson, Republican, was re-elected today in one of the most exciting political struggles the city ever witnessed, the incomplete unofficial returns late tonight indicating that his plurality would be in the neighborhood of 15,000. His nearest opponent was Robert M. Sweitzer, Democrat, county clerk, whom the mayor defeated four years ago by a plurality of more than 147,000.

Much of the big vote which the mayor received four years ago but lost today went to State's Attorney MacLay Hayne, a Democrat, who ran as an independent by petition. The mayor's triumph was the subject of a noisy celebration by his followers.

The election, in which six candidates ran for mayor, fell on an ideal day, and the total vote cast was estimated at about 700,000.

The city voted wet by a sweeping majority, the first time the question had been voted on in Chicago.

Golf Too Delicate When Wifely Acts as Assistant.

(By United Press.)

San Francisco, April 2.—

Golf is entirely too delicate a game for a man to play when his wife is a caddy.

Malhlon Dolman, advertising man, is being sued for divorce

his wife's grounds being and allegation that he left her alone Sundays, and refused to allow her to even go to the links where he spent the day.

It was suggested that Dolman let his wife accompany him as caddy if he disliked playing against her.

"Impossible", was his horrified reply. "Hitting a golf ball is a delicate matter. Imagine someone making a trite remark as you were poised to swing. It would throw you off your game. Well, that's just about what a man's wife would do".

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.
"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11 1/4 pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

CLASHES IN MANY PLACES

Government Proclaims State of
Siege in Whole of the Rhineland,
Defying the Miners

(By United Press.)

Paris, April 2.—A Copenhagen dispatch today declared a general strike has been proclaimed in Berlin. The government is said to be preparing to repress it in every way.

Rome, April 2.—A newspaper here announced that the royal dynasty has been deposed in Serbia and a republic proclaimed in Belgrade, according to a dispatch today.

London, April 2.—Violent outbreaks and sabotage throughout the Rhineland and Westphalia districts were reported in a Berlin dispatch to the Times today.

London, April 2.—The Berlin correspondent of the Times reported today that syndicalists in Spa are fomenting a revolution in Bavaria with headquarters at Munich. The Krupps have closed their Munich factories, throwing 4,000 men out of work.

Berlin, April 2.—The general strike is spreading through Germany. Clashes have occurred between workers and troops in various cities, resulting in casualties.

Indications are growing that the uprisings are inspired by the Spartacans, who are believed to be employing these disturbances to weaken the government, preparatory to declaring a third revolution.

The government has proclaimed a state of siege in the whole of the Rhineland defying the 50,000 miners there. The situation in that region endangers food shipment and the coal supply.

During rioting in Frankfurt, mobs stormed several food shops. Three persons were killed and many wounded by rifle and machine gun fire. The mob then attacked the police station and a number of hotels. Government troops now control the city.

Many persons were killed and wounded in fighting with soldiers twenty-six miles northeast of Düsseldorf. Wurttemberg and several other cities have joined the general strike.

20 BISHOPS ARE MURDERED

(By United Press.)

Rome, April 2.—A newspaper here today published an interchange of correspondence between Pope Benedict and the Bolsheviks regarding alleged persecution of the Catholic clergy in Russia.

The Archbishop of Omsk appealed to the pope to issue an official protest, stating that 20 bishops and hundreds of persons had been murdered and a number of churchmen wounded.

The pope sent a wireless to Premier Lenin imploring him in the name of humanity to stop these excesses. The Russian foreign minister replied that all Russians are equal and accused the pope of hoarding food.

MRS. GEORGE HUMES DIES

Expires at Home of Neice, Mrs. L. M. Clark, at Age of 80 Years

Mrs. George Humes, age 80, died at the home of her neice, Mrs. L. M. Clark in North Main street this morning at 10:45, death being caused by a complication of diseases. She is survived by several nephews and neices and was the last of a family of fourteen children. She was the daughter of J. P. Tompkins who was one of the pioneer preachers in this state. The funeral services will be held at the residence of Mr. and Mrs. Clark at 631 North Main street Friday morning at 10 o'clock and burial will be made in East Hill cemetery. The Rev. L. E. Brown of the Main Street Christian church will have charge of the services.

MRS. A. G. REEVE IS DEAD IN NEW JERSEY

Rushville Woman Expires at Mount
Claire of Pneumonia While Visiting
Cousin, Mrs. Oseick

BODY TO BE BROUGHT HERE

Mrs. A. G. Reeve, age fifty-six years, died at the home of her cousin, Mrs. Oseick, at Mount Claire, New Jersey where she was visiting yesterday afternoon, and the body will be sent here for funeral services and burial. Mrs. Reeve contracted a heavy cold several days ago and pneumonia developed, resulting in her death. She went to New Jersey less than a month ago.

Mrs. Reeve was born and reared in Holland and came to this country about thirty years ago and went to Colorado with her sister and the latter's husband. After the death of her brother-in-law, she entered nurse's training in a Cincinnati hospital, and twenty-four years ago came to Dr. J. C. Sexton's hospital here as a nurse. After twenty years of service in the local hospital, Mrs. Reeve was married to Mr. Reeve.

Besides her husband, Mrs. Reeve is survived by one sister, Mrs. Martinus Ravenstein, of San Diego, Cal., who is on the way here to attend the funeral. She also leaves two cousins in Holland besides Mrs. Oseick of Mount Claire. The deceased was the third wife of Mr. Reeve, his second wife having been a sister of Mrs. Reeve.

CENTENARY TO BE SUBJECT AT BANQUET

Men of St. Paul's M. E. Church Will
be Entertained at Chicken Dinner
Friday Night.

OUTSIDE SPEAKERS COMING

On Friday evening of this week at seven o'clock there will be a men's banquet at St. Paul's M. E. church. No special invitations have been given but a general invitation has been extended to all the men of the church and to all of the men who attend the Methodist church, whether they be members or not.

A chicken dinner is to be served by the women of the church and the menu includes all the trimmings that go with such a dinner.

A splendid program of after dinner talks has been arranged. The speakers will include some of the men of the church and others outside of Rushville. Good music, good speeches and a general good social time will be the aim of the meeting. There will be no charge for the banquet. The Centenary, which is filling a large place in the activity of the church at the present time, will be the theme of the addresses.

VOTES TO RECEIVE STREET OIL BIDS

Council Fixes Wednesday, April 23,
as Date, With the Hope That
The Price Will Decline

BIDS ON COAL, POLES AND PIPE

Petition Requesting Pennsylvania
Not be Permitted to Install
Signal Bells is Denied

City councilmen had a busy session at the regular meeting of the council last night when bids for coal, poles and water pipe were received and other matters of importance came up.

The council summarily disposed of a petition requesting that the Pennsylvania railroad not be permitted to install electric signal bells at crossings in Rushville, by voting four to one, to lay the petition on the table. The ordinance to allow installation of bells has been passed.

The council decided to receive bids on oil to place on the streets, on Wednesday, April 23, and the city clerk was instructed to advertise.

Councilmen also agreed to a compromise of the suit brought by Michael Madden against the city for money alleged due for services performed seven years ago. Madden got a judgment for \$102 and costs against the city in the circuit court and the city had prepared to appeal the case. Attorneys for Madden, however, agreed to compromise for \$120 if the city would pay the court costs amounting to \$18.40. The claim was inherited from Former Mayor Black's administration.

The council has delayed advertising for bids on oil with the hope that the price would decline and that the freight rate, which was boosted during the war to make building and road repair materials expensive, would be lowered by the government. Councilmen say the best price quoted on oil at present is twelve cents a gallon. They declare that it would be next to impossible to oil the streets with oil at this price because when the street oiling levy was made, it was not expected that the price would be so high. The council decided, however, to ask for bids in the hope that the price would be down in three weeks.

The council also confirmed the vacation of Pearl street, the time having passed for remonstrances to be filed. The proceedings to vacate the streets were carried out for the purpose of obtaining additional ground to build an addition to the water, light and power plant, which will be necessary when the capacity of the plant is doubled.

The petition urging the council not to supplant the Pennsylvania flagman here with electric signal bells, was signed by two hundred and eight persons. It set forth that flagmen were a far greater protection than bells, which sometimes fail to work. The petition also pointed out that the Pennsylvania crossings were the most dangerous in Rushville because of the route which the railroad follows through the city.

Chauncey Duncan, who appeared for the petitioners, declared that the greater part of the adult population of the city crossed the railroad every day and that a large number of school children were compelled to cross it in going to and from school. He recalled the accident at the Seventh street crossing on Sunday several years ago, when a small girl was killed by a Pennsylvania train.

George B. Moore, J., clerk of the circuit court, suffering with an attack of the mumps.

CAMPAIGN PLANS WERE OUTLINED

Tentatively Agreed at Loan Conference That Each Township
May Use its Own Methods

5 TOWNSHIPS REPRESENTED

Reports on Seventh Federal Reserve
District Meeting Made by Officials Who Attended

Five townships were represented at the conference held in the court house yesterday afternoon to make preliminary plans for the Victory Liberty loan campaign in this county. Reports of the seventh federal reserve district conference in Chicago week before last were heard and short addresses were made by a number of the workers.

Suggestions for putting over Rush county's quota were made, but practically the same methods as have been employed in past campaigns will be used, judging from the tenor of the comment by the township representatives who were present. It was practically agreed that each township should work as a unit and should resort to whatever policy deemed necessary, on the theory that the local workers know the conditions better than anyone else.

Another meeting of township executives will be called by T. M. Green, county sales director, as soon as publicity matter arrives and is ready for distribution.

There were many women among the crowd attending the conference. It was tentatively agreed that the women's organization of the county would co-operate with the men's organization in selling the bonds.

Earl H. Payne, county chairman; Mrs. A. L. Stewart, women's sales director for the county; Miss Frances Frazer, women's publicity director, and T. M. Green spoke of the Chicago conference which they attended, giving an idea of the desires of the district executives in regard to the campaign. Short talks were also made by E. B. Thomas and A. L. Gary.

Among the trophies of the world war allotted to Indiana for use in the campaign are 1,253 German helmets, captured on the battlefields of France. These will be offered, probably later by the advertising promoters of the Victory campaign.

May 4th has been designated Victory Loan Sunday and ministers of the state will be asked to devote at least a portion of their day's program to a statement of the necessities and purposes of this great campaign for funds.

A feature movie "The Price of Peace," in addition to special contributions from leading stars of filmdom has been announced for distribution in the state, under the direction of Frank J. Rembusch, president of the state association, who will direct this phase of the publicity campaign. This picture is said to be a most comprehensive and graphic showing of the activities of the War College, the Signal Corps, the marine corps and the Navy Division of the Red-Cross.

The Victory campaign will be featured by a special campaign of educational appeal to the rural inhabitants of the state. Walter Q. Fitch, of the extension division of Purdue, secretary of the Indiana Committee on Food Production and Conservation is devoting a large part of his time to organizing the agricultural interests of Indiana to support the Victory loan campaign.

The fact that the government has provided the funds necessary for supporting the guarantee of \$2.20 per bushel for wheat is said to have been the source of much encouragement to the farmers of the state who are still holding a large portion of their 1918 crop and have the lack of evidence.

THOMAS PERKINS IS DEAD

Expires of Cancer After an Illness
of 18 Months

Thomas Perkins, age 59, died at his home in North Pearl street last night about 10 o'clock from the effects of a cancer of which he had been a sufferer for a period of 18 months. He is survived by the widow; two daughters, Mrs. Alden Rodgers of Lewisville, Indiana and Miss Effie Perkins of Indianapolis, and five sons, Frank of Indianapolis, Will of Flint, Mich., Len and Glen of this city and Don of Indianapolis, and a sister, Mrs. Missouri Greenlee of Shelbyville. The funeral services will be held at the Methodist Episcopal church Friday afternoon at 2 o'clock and interment will be made in East Hill cemetery.

SCORES IN RICHMOND TO HEAR SEN. WATSON

Big Delegation From Rush County
Attends District Republican
Rally Today

STATE LEADERS ARE PRESENT

Scores of Rush county people went to Richmond today, both by automobile and by rail, to attend the sixth district republican rally, the chief feature of which will be an address by Senator James E. Watson on the league of nations at the coliseum in Richmond tonight at 7:30 o'clock. A number of republicans went this morning in order to be present at the district organization meeting this afternoon.

The meeting assumed the proportions of a state gathering as E. M. Wasmuth and L. W. Henley, chairman and secretary of the state republican committee; P. J. Lynch, clerk of the state supreme court; L. S. Bowman, assistant state auditor, and other state leaders were expected. Senator Watson was due in Richmond this morning at 10:10 o'clock and was to take lunch with Rudolph C. Leeds.

Two thousand copies of the covenant of the league of nations as presented to the senate by President Wilson will be printed for distribution among the crowd in the Coliseum, and Senator Watson will speak from a copy of the covenant, so that he may be followed point by point.

MAYS POOL ROOM OWNER IS ARRESTED

George Myers is Indicted For Operating
Slot Machine and Punch
Board—Admitted to Jail

VERDICT FOR JOHN WALLACE

George Myers, owner of a pool room at Mays, was arrested by Sheriff Jones today on two grand indictments charging him with keeping gaming devices. He was arraigned before Judge Sparks, but did not enter any plea and was admitted to \$100 bail in each case. Myers is accused of operating a slot machine and punch board in his pool room.

The case of the state against Mrs. Blanch Alsmen, which was set for trial today, was postponed on account of the illness of a witness for the state. The jury returned a verdict for the plaintiff last night in the case of John Wallace against Howard Mathews, for conversion, in which \$50 was demanded. The jury, which deliberated about an hour, awarded judgment for \$36.

The case of the state against Frederick Hilligoss, who was charged with speeding in a grand jury indictment, has been nolleed for lack of evidence.

PRESIDENT AGAIN PROPOSES SPEED

Effort is Being Made For Clause

COMMISSION TO STAY ON JOB

Final Decision Upon Most Important
Questions Will be Reached by
Saturday, It is Stated

(By United Press.)

Paris, April 2.—Allied financial representatives today will confer with the German financial mission which arrived yesterday. Soldiers and police are guarding the castle in which the Germans are quartered. The civilians in that vicinity are unaware of their presence.

Paris, Apr. 2.—When the Big Four renewed their session today, President Wilson was represented as proposing that the present work be greatly speeded up.

Economic blockade of Poland and Estonia has been lifted, effective today. Austria was also granted freedom from some trade restrictions, although the blockade still continues.

An international trade commission will be established in Vienna to prevent re-exportation of goods to Germany.

All countries except Germany, Russia, Hungary and Lithuania are now open to world trade. There was said to be a proposal that Hungary be given economic freedom.

An effort is being made, it was learned today, to insert a formula in the peace treaty for exact reparation from Germany without naming a certain amount. This formula clearly establishes the principle on which Germany must pay, leaving to a special allied commission the task of determining how much.

The special commission, according to present plans, would continue in existence over a period of years, following the German financial and commercial conditions and exacting damages. It would also be compelled to make inventories.

King Albert is expected to confer with the Big Four regarding Belgium's claims in collection of indemnities.

Albert conferred with President Poincare this morning and is scheduled to meet Premier Clemenceau this afternoon.

Final decision upon the most important questions before the peace conference will be reached before Saturday, according to belief expressed in certain official quarters today.

Meanwhile Marshal Foch is expected to make plain to Mathias Erzberger at Spa tomorrow that the allies will not stand for any trickery of any source at Danzig or any other place.

Foch, it is believed, has drawn over the Big Four to his ideas regarding the Rhine question, elimination of all military works on the left bank and within a zone of 31 miles on the right bank. An agreement seems to have been reached that France shall have the right of the entire Sarr valley as compensation for destruction of mines in northern France. The Sarr region probably will be controlled under special regulation to be incorporated in the final treaty.

Information received here in official circles indicates that Germany is more in the mood to sign the treaty than even four days ago. It is believed Foch will increase this inclination.

20,000 TO ARRIVE TODAY

New York, Apr. 2.—Nearly 20,000 troops were scheduled to arrive here today from overseas. The giant steamship Leviathan docked shortly after noon with 12,050 on board, and the Henderson with 1,500 troops.

What You Need For the FARM

Our Soil Pulverizers or Cultipackers are in a class by themselves. We price them with a tongue, truck, no extra (No Hold-up, see). And our Manure Spreader, with Straw Attachment are the best things you ever saw. And when it comes to Corn Cultivators—I don't want to tell you about them, but want to show them to you. They have more good features and it would take too long to tell about them here. Seeing is believing. Gas Engines is a specialty with me, and I am sure that I know the engine better than any man in Rushville, and when I tell you that I have the best proposition in engines, you will agree with me. When it comes to a Wagon—you are aware that the WEBER has the quality, and whenever you tell a wagon dealer that you are going to look the WEBER over, then you take the backbone out of that dealer, for he knows that the WEBER is the best wagon made. The McCormick and Deering Binders and Mowers, you can always get repairs for.

We do not sell any machinery you won't need repairs for, but we keep the repairs you need, thus, you see, we save you 30 cents for telephone and 60 cents for express. Remember that you will always need repairs, and any merchant that tells you that he can sell you Farm Tools that will never need repairs is trying to hand you a LEMON, and every farmer knows this to be the truth. Every implement I sell you will need repairs sooner or later and when you want them I will have them, and that means 90 cents saved for you, as well as from ONE to FIVE days' wait, and then may not get them.

The Bean and Pea attachment for the C. B. & O. Planter will cost you \$2.50 extra, and not \$15.00. And, by the way, you want to look this Planter over, with its automatic guide, never touch the guide or marker from the time you drive in the field until you drive out. And when you look this planter over you will see that it has more up-to-date features than any planter made, and you certainly want the up-to-date tool and not the one that was up-to-date ten years ago.

TRACTORS, TRUCKS, THRESHING MACHINES, ENSILAGE CUTTERS, and SHREDDERS—all at the very best price. Remember you WANT WHAT YOU WANT WHEN YOU WANT IT. Come in and we will absolutely tell you the TRUTH on anything you want. DON'T forget the McCormick and Deering Binder TWINE.

PROPER FERTILIZERS

GIVE "PE" TO GARDEN

Limited quantity of high-grade commercial fertilizer can be used to advantage on garden soils even where a considerable supply of barnyard manures have been applied. Commercial fertilizers act quickly and can be used to special advantage where it is desired to mature crops in a short period of time.

The best results can be obtained by the use of fertilizer on land that

common is by scattering the fertilizer broadcast over the land after it has been plowed and harrowed, then giving the soil a second and even a third harrowing to mix the fertilizer with it thoroughly. Another method is to apply the fertilizer underneath the rows, the plan being to open the furrows, scatter in the fertilizer, then, by means of a single-shovel plow, thoroughly mix the fertilizer

Some back yard and community gardens in Washington, D. C.

is well filled with organic matter. However, fair results may be obtained by the use of fertilizer on land that has not been manured and which is deficient in organic matter, according to the specialists of the United States Department of Agriculture.

The great danger in the use of commercial fertilizers is that too large quantities may be applied and cause injury to the plants. It must be borne in mind that commercial fertilizers are a very concentrated form of plant food and, therefore, should be used in moderation.

Market gardeners frequently use as much as 2,000 pounds of commercial fertilizer on an acre of ground. This would be at the rate of about 4 or 5 pounds to a plot of ground 10 feet in each direction or 100 square feet. Assuming that the average city or back-yard garden is about 30 by 60 feet in size, 50 to 70 pounds of standard, high-grade truckers' fertilizer would be all that would be safe to apply on a garden of those dimensions. Under most conditions 50 pounds will be the maximum amount to use.

Commercial fertilizers are usually put up in sacks containing 200 pounds, and a good plan would be for several gardeners to join together in buying fertilizer.

There are two or three methods of applying commercial fertilizers in general use. The first and most

with the soil in the bottom of the furrow. The surface soil is then returned and no seeds are planted for a few days until the fertilizer becomes thoroughly incorporated with the soil.

The third method of applying commercial fertilizers is to use them as a top or side dressing along the rows of plants during the period of growth. Nitrate of soda and fertilizer mixtures containing a considerable percentage of nitrogen are generally used for this purpose. When using fertilizer as a side dressing, care should be taken that it is not applied too near the base of the plants, but at a little distance from the row, and then it should be cultivated into the upper 2 or 3 inches of soil, so that the small feeder roots of the plants will gradually reach it.

The three elements of plant food contained in commercial fertilizers are phosphoric acid, nitrogen, and potash. Nitrogen has the effect of stimulating the leaf growth, and phosphoric acid and potash have a tendency to increase root growth and to mature the seeds of the plants. Root crops and potatoes require a reasonable amount of potash. Corn, beans, and others of the garden crops which are grown for their pods or seeds, want a sufficient supply of phosphoric acid, while lettuce, celery, swiss chard and others of the salad or leaf crops require plenty of nitrogen.

FOR MALICIOUS TRESPASS

Ed Benedict Fined \$1 and Costs Following Trial

Ed Benedict was fined \$1 and costs for malicious trespass by Mayor Irvin, late yesterday afternoon, after a trial lasting more than two hours, in which Mrs. Orville Collier, 810 West Ninth street, was

the prosecuting witness. The charge was preferred against Benedict because he hauled a barn which he was moving for Dora Edwards, across a lot belonging to Collier's and adjoining their property. A charge of malicious trespass and one for trespass against Clay Benedict, son of Ed Benedict, were dismissed. An affidavit charging trespass against the elder Mr. Benedict was also dismissed. More than a score of people from the neighborhood were witnesses. Mrs. Collier testified she warned the defendants not to haul the barn across the lot.

The Immigration Bill.

Among the bills which failed to pass in the closing hours of the sixty-fifth congress was a bill restricting immigration for the next four years.

The failure to pass this bill was migration into this country has almost ceased since the great war began. If it is desirable to limit immigration the present is the time to do so. It will occasion less inconvenience and create less feeling than at a period when the immigration tide might be at full flow.

After a war there is always a time when manufacturing and commerce refit themselves to the conditions of peace. At such a time capital is timid, and it is only step by step that established enterprises broaden their scope or new ones advance.

Over a million young men are now returning from France to conditions as we have just described. We cannot tell whether an influx of immigration from Europe might be probable or what effect it might have upon this country. But we do know that it is our clear duty to protect

our young men against the influx of results which such a possible influx of European labor might cause.

The United States has always been known as the "refuge of the oppressed of all nations." By restricting immigration for a time it will not abandon its principles. It is in the position of a man who has always been truly hospitable and has opened his house for the shelter and comfort of many people. The time comes when he wishes to repair and refit his home; and to study the possibilities of achieving a broader usefulness in the future. To bring this about he must close the house for the time being.

It is hoped that when the sixty-sixth congress convenes it will at once take up the consideration of the immigration bill which failed of passage or of a similar one. The present conditions demand it.

The Feel of Spring.

When spring comes we all feel the influence of the mild air and sunshine and general renewal of the year.

Our winter garments and furnishings seem worn and heavy and dim, and we long for the fresh spring dress or coat, and trim new pumps or oxfords, and the new hat that befits the season.

And when we look the house over we see the need of fresh curtains in this room, an ew rug in that, a piece of new furniture elsewhere.

Remember that our local dealers have fresh and reasonable stocks to show you. You will be able to thoroughly examine your goods before purchasing, and will have the attendance of people whom you know, who understand your needs and tastes and will give you pleasant and courteous service.

How can a boy who has to pay a luxury tax of ten per cent on baseball bats and masks and mitts ever be expected to grow up into a man and a soldier?

When a woman has her hands full all day, cooking and washing dishes, sweeping and sewing, and then find that her work is never done it is hard to convince her that there is an unemployment problem.

The new victory loan will amount to six billion dollars. Put your hand into your pocket and see how much of it is there.

The horse is disappearing so fast that it is doubtful whether there will be a dark horse left by the summer of 1920.

A gathering of women in their new spring hats looks like a flower garden.

Germany's Bill will cost her forty billion dollars.

AN OPEN LETTER TO UNCLE SAM

By WILLIAM WALLACE COOK

Dear Uncle Sam:

I'm just a plain American whose heart has thrilled with pride as through this war I've done my modest part. To help Our Boys on land and sea. I could not tote a gun; My hair is gray, my form is bow'd, my years are nearly run. I could not march beneath the Flag, I could not face the foe—As others faced him overseas—and give him blow for blow. Old Time has worked his will with me; and so it was my fate To have this Armageddon come some fifty years too late. And yet I've helped! My dollars fought, if not my flesh-and-blood; My dollars did their bit to stem the mad Teutonic flood. And some I gave the Crimson Cross to bind the wounds that bled; And some I gave the orphaned ones who cried aloud for bread; And some I gave to comfort those who bore the battle's brunt And, weary, sought a breath of home behind the fighting front. An old man's pride is here, I trow; an old man's love, as well; A dollar's blessed of heaven when it cheers in war's red hell; Yet here my duty could not stop; it ran to needs beyond; Of ev'ry loan you issued, Sam, I bought a goodly bond. I made myself this slogan, in the thought of duty done: THE MAN BEHIND THE BOND'S BEHIND THE MAN BEHIND THE GUN! You gave me, Uncle Samuel, what worldly gear I've got. For here the chance to work and win is ev'ry person's lot; In Freedom's cause our fathers wrought—those men of sterling worth—A heritage of glory for the chosen of the Earth! I fear that sometimes we forget, so keenly we pursue Our individual destinies, the debt we owe to you. No country can be greater than the citizens it holds; No flag no better, brighter, than the faith that flag enfolds. And freemen are not freemen when, the crisis bravely met, They will not, if they must, give all to pay their freedom's debt. And so this loan for Victory I'll make my proudest boast— I'll lend my money to this Loan unto the uttermost! I'll make another slogan and I'll fling it wide and far: THE MAN BEHIND THE BOND'S BEHIND THE PEACE BEHIND THE WAR!

AMERICA'S IMMORTALS

GEORGE H. MALLON, Captain, 132nd Infantry.

Capt. Mallon was decorated for intrepidity beyond the call of duty in the Bois de Forges, France, September 26, 1918. Becoming separated from the balance of his company because of a fog, Capt. Mallon, with nine soldiers, pushed forward and attacked nine hostile machine guns, capturing all of them without the loss of a man. Continuing on through the woods, he led his men in attacking a battery of 450 mm. howitzers which were in action, rushing the position and capturing the battery and its crew. In this encounter Capt. Mallon personally attacked one of the enemy with his fists. Later when the party came upon two more machine guns, this officer sent men to the flanks, while he rushed forward directly in the face of the fire and silenced the guns, being the first one of the party to reach the nest. The exceptional gallantry and determination displayed by Capt. Mallon resulted in the capture of 100 prisoners, eleven machine guns, four 450 mm. howitzers and one anti-aircraft gun. Capt. Mallon's home address is 1981 Hallock street, Kansas City, Mo.

State Council of Defense—The action of the governor in using the credit of the state in borrowing \$100,000 to finance and carry on the work of the state council of defense was legalized and \$105,000 was appropriated to defray all expenses incurred and the funds borrowed for the state council. The act was effective Feb. 28.

Contractors' Relief—Prior to the declaration of war many contracts had been awarded by the boards of county commissioner for the construction of highways and bridges, the execution of which were seriously interfered with because of the advance in the price of materials, the rate of wages, the scarcity of materials and the promulgation of the supplying or shipment of certain essential materials. By virtue of an act which became effective on March 13, any contractor may file a petition with the board of commissioners asking relief from the further execution of any highway or bridge contract entered into prior to June 1, 1917. After giving notice in a newspaper and holding a public hearing, the commissioners may release any contractors from the obligations of his contract if the execution thereof is affected by war condition.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions. The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

GIVES FIGURES ON CATTLE FEEDING

A. B. Hall of Ripley Township Presents Results of Experiment at Meeting Tuesday.

THIRTY FEEDERS PRESENT.

Prof. F. G. King and P. S. Richey, Experts in Cattle Feeding, Make Short Addresses.

About 30 feeders attended the cattle feeders meetings held yesterday at the A. B. Hall farm in Ripley township. Mr. Hall presented his figures on his feeding operations. He said his 35 head of cattle cost him \$10.85 per cwt. in the feed lot, and had made an average daily gain of 2.87 pounds per day at a cost of \$16.03 per cwt. The necessary selling price was 12.29 per cwt., to have pay for feed and interest and to come out even. He was offered \$16.00 per cwt. for his cattle a few days ago, which would have insured him a good profit on the operation, but he refused the offer he stated.

Mr. Hall doesn't believe in feeding large quantities of corn at the present price. His daily ration was as follows: corn 6 lbs; silage 43 lbs; cottonseed meal 2.5 lbs; oat straw 2 lbs; corn stover 2 lbs.

Prof. F. C. King, who has conducted the cattle feeding experiments at the Indiana experiment station for eight years, talked on his experience in cattle feeding work. He pointed out that cottonseed meal or other protein supplement was necessary in successful cattle feeding.

Speaking of soy beans, Mr. King said: "Cattle soon tire of the ground bean, and when soy beans are used for silage, experiments do not show that they have any value in balancing a ration." The silo in his opinion, is an important factor in cattle feeding, for when silage was a part of the ration in his experiments, the average cost of a hundred pounds of grain was \$1.47 less than the average of the experiments when no silage was used, and the selling price of the silage fed cattle was 20 to 40c per cwt. higher if sold after a short feeding period, but about the same in either case after 180 day feed.

P. S. Richey, assistant in animal husbandry extension, gave a short talk on the selection of feeds, in which he pointed out the fact that a ration must be balanced in price as well as in chemical composition. Mr. Richey classed feeds in three general classes: home grown feeds, straight by-products, and mixed feeds and emphasized the fact that home grown feeds properly supplemented with a high protein feed are always the cheapest.

"When home grown feeds cannot be had, straight by-products may be substitutes as a second choice," he said.

Mrs. Frank Wilson will be hostess for the Grand Club tomorrow afternoon at her home in North Main street.

The Social club will give a dinner-dance next Wednesday evening, April 9, in the club rooms in North Morgan street.

A pitch-in dinner was given in the basement of the Milroy Christian church Sunday by Robert Brown's Sunday school class in honor of the Rev. and Mrs. Cady and family.

The Tri Kappa sorority examination will be held Thursday afternoon at three o'clock at the home of Mrs. Earl Moore in North Harrison street. Each member is requested to bring her own pen.

Miss Lucy Inlow delightfully entertained the members of the S. E. T. club yesterday afternoon at her

home in North Perkins street. The afternoon was spent socially at the close of which a light luncheon was served.

The Ladies' council will hold their regular meeting at the Red Men's hall Thursday evening at 7:30. After the meeting a luncheon will be served. A good attendance is desired as important business matters will be discussed.

Mrs. Lowell M. Green was hostess to a Bridge club at her home in East Sixth street yesterday afternoon. Miss Hazel Bennett, who recently returned from France where she was a nurse with Base Hospital No. 32, was a guest.

Mr. and Mrs. Clyde Deputy of Indianapolis were pleasantly entertained Saturday evening with a pitch-in supper at the home of Mrs. Robert Ray of Milroy. Many Milroy friends enjoyed the social time that followed. The Deputy's formerly were residents of Milroy.

Mrs. Sam Young entertained the members of the O. N. T. club yesterday afternoon at her

terday afternoon at her home in North Perkins street. The guests spent the afternoon socially over their various kinds of needlework and the hostess served a dainty luncheon at the close of the afternoon.

The Woman's Missionary Society of the Main Street Christian church will meet tomorrow afternoon at 2:15 o'clock in the parlors of the church for their regular monthly meeting. As important business matters are to be discussed at this time, all members are urged to be present.

About 135 couples attended the dance given in the Modern Application building in West Third street last evening. The Greensburg Jazz band furnished the music throughout the evening. Among the guests present were people from Shelbyville, Connersville, Greensburg and Carthage.

The Young Married Peoples class of the Plum Creek Sunday school was entertained last Friday evening with a pitch-in supper at the home of Mr. and Mrs. Charlie Hires. Contests were won by Mr. and Mrs. Jesse Reese. The class will meet again in two weeks with Mr. and Mrs. Aaron Kennedy.

Mrs. Glen Foster, assisted by Mrs. Clifford Hardwick, Mrs. Charles Updike and Mrs. McClinton, entertained the members of the Loyal Daughters class of the Main Street Christian church yesterday evening at her home in North Jackson street. The evening was devoted to a meeting at which many business matters were discussed. The hostesses served light refreshments at the close of the evening.

Mr. and Mrs. J. T. Arbuckle were delightfully surprised last evening at their home in East Seventh street by a few of their friends, with a pitch-in supper. The affair, which was in form of an April Fool party, was recently planned to be held at the home of Mrs. Ed Chambers but instead the guests went in on Mr. and Mrs. Arbuckle. Those enjoying the affair were, in addition to Mr. and Mrs. Arbuckle, Mr. and Mrs. George Davis and family, Mr. and

BUY YOUR RUGS NOW AT REDUCED PRICES

The prices we are quoting for the next ten days are sensational in the extreme. Your memory must go back to two or three seasons ago to recall equal values. Rug shipments have been following each other in rapid succession during the last few days — representing large factory purchases made months ago at decidedly advantageous prices. We have without doubt the best assortment of high grade Rugs in Rushville, offering the most unusual opportunity for selection. Beautiful patterns and wonderful color effects are here in abundance. Were we to order these rugs from the mills now our cost would be more than the selling price to you.

In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets

bedfast, but the wise one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

Indianapolis, Ind.—"I am most pleased to say for 'Golden Medical Discovery' that I like it as a spring medicine. I was employed in a cloak house and used it for a toning-up medicine. As a general tonic I know of nothing better. You may use this recommendation to benefit others."—Mrs. G. P. Bacon, 733 Elm St.

BERNSTORFF TAKES PART OF DEMOCRAT

Admits He Has Joined the Party and Admits He Has Been Taken into The Fold.

SPOKE OF "THE DEMOCRATS"

Joining the Democrats Reestablishes Former Ambassador Solidly With The Government

By FRANK J. TAYLOR.
(U. P. Staff Correspondent.)

Berlin, March 6. (By Mail).—Count Bernstorff has joined the ranks of the Democrats. He admits he has joined the party and the party admits he has been taken into the fold, though no statement came out officially.

Bernstorff's fluctuation into the Democratic Party came out in an unconscious and amusing way. In the early days of the revolution, in December, he spoke of "the democrats" and "the socialists."

By the end of January Bernstorff spoke, unconsciously or otherwise, of "the democrats". On inquiry he stated he had joined the Democrats and took part in their councils.

Joining the Democrats has re-established Bernstorff solidly with the Government, since the Democrats are in coalition with the Majority Socialists.

Bernstorff was mentioned among the first of the "Democrats" to get a seat in the new cabinet. He is in good favor with Germans generally, who appreciate his ability, but are dubious as to the way his presence in the government will be taken by the allied countries, especially America.

There was a strong movement to send him as a peace delegate, which was held back only by apprehension over his possible reception. For this reason a systematic inquiry was instituted among Americans and Englishmen in Berlin as to how the Count would be received. The results hardly strengthened his position.

Another means of "inquiring" was the report sent out from Berlin and then branded as a "mistake" that Bernstorff had been appointed as a peace delegate. The Germans watched eagerly for the reaction from the Allied Press.

SHORT COURSE IN BEE KEEPING IS OFFERED

Will be Held at Purdue University For Five Days Beginning Monday April Seventh.

GOOD SPEAKERS ARE LISTED

A short course in bee keeping will be held at Purdue University from the 7th of April to the 12th. This course is not only for commercial bee-keepers as first thought but for men who are interested in the production of bees whether it be on a large or small scale, thus giving all the same advantage to hear the talks by experts in this industry. An incidental fee of \$1 will cover the entire expense of this course. Bee-keepers are urged to come on Monday and be prepared to stay the remainder of the week, as the course ends Saturday at noon on the 12th.

Many of the best speakers available on this subject have been procured and will have a part in the program. W. E. Stone is president of the Beekeepers' association and

will deliver the first address at 1 P. M. Monday, Tuesday E. F. Phelps will lead the discussion with "The Fundamentals of Beekeeping Practice Outside of Active Season." Jay Smith and B. F. Kindling will also have an important part in this program for the day. Wednesday's program will be conducted by G. S. Demuth, E. G. Baldwin and J. H. Skinner. Mr. Demuth will speak on "The Evolution of Bee-keeping Practice in the United States." Dan Erbaugh will have an important part in Thursday's program and will speak on "The Best and the Worst of Indiana Bee-keepers." Friday's program also promises to be very interesting and the course will be closed Saturday at 11:30 by a speech on "The Disease Situation in Indiana" by Frank Wallace.

CLUBS WILL CHANGE WITH PROHIBITION

With the Passing of the Bar it is Thought That the One Incentive Will be Gone.

CHIEF FINANCIAL SUPPORT.

(By United Press.)
San Francisco, April 2.—Club life, a big feature here, may become extinct with total liquor prohibition, according to officials of the social clubs.

The war tax on dues of 15 percent

will be a contributing feature to the demoralization, it is believed.

With the passing of the bars, it is said, the one biggest incentive to the social club will go out also. Then, the bar has been the chief financial support for the average club.

The Pacific Union, a "rich man's club", with an entrance fee of \$400 and a monthly fee of \$10, now offers its privileges to the new member for an initial outlay of \$471.50. This is not necessarily objectionable, but without the bar, the sum would look very large to many.

The Bohemian Club, University Club Olympic Club and the Union League all take a serious view of the future.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "byproduct" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

THOMPSON RE-ELECTED MAYOR OF CHICAGO

Incomplete Returns Show Him Victorious Over Five Opponents by Plurality of 15,000

SWITZER A CLOSE SECOND

Chicago, April 2.—Mayor William Hale Thompson, Republican, was re-elected today in one of the most exciting political struggles the city ever witnessed, the incomplete unofficial returns late tonight indicating that his plurality would be in the neighborhood of 15,000. His nearest opponent was Robert M. Sweitzer, Democrat, county clerk, whom the mayor defeated four years ago by a plurality of more than 147,000.

Much of the big vote which the mayor received four years ago but lost today went to State's Attorney MacKay Hynes, a Democrat, who ran as an independent by petition. The mayor's triumph was the subject of a noisy celebration by his followers.

The election, in which six candidates ran for mayor, fell on an ideal day, and the total vote cast was estimated at about 700,000.

The city voted wet by a sweeping majority, the first time the question had been voted on in Chicago.

"SEEING EUROPE."

(By United Press.)

Paris, Mar. 10. (By Mail).—An army of prospective guides has already begun drilling and rehearsing their patter on the former battlefields of France—in preparation for the tourist hosts from America. Golf Too Delicate When Wifey Acts as Assistant.

(By United Press.)
San Francisco, April 2.—Golf is entirely too delicate a game for a man to play when his wife is a caddy.

Malhlon Dolman, advertising man, is being sued for divorce his wife's grounds being and allegation that he left her alone Sundays, and refused to allow her to even go to the links where he spent the day. It was suggested that Dolman let his wife accompany him as caddy if he disliked playing against her.

"Impossible," was his horrified reply. "Hitting a golf ball is a delicate matter. Imagine someone making a trite remark as you were poised to swing. It would throw you off your game. Well, that's just about what a man's wife would do."

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11 1/4 pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

Many children are behind their class because of bad, unclean teeth.

Get mother to have your dentist examine your teeth, and treat them if necessary.

Then ask her to get you a tube of SENRECO, so that you can keep your teeth clean and healthy than anything excepting your dentist's work.

He brings SENRECO.

NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

Voorhees Cavitt et al. Highway.
Notice is hereby given that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 24th day of March, 1919, and the said Auditor then and there designated, by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition as the day upon which said petition shall be presented to said Board of Commissioners for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11th, 1919, known as the County Unit Law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said Act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the intersection of the section line between Range 10 East and the Rush County line and the Henry County line and running thence in a southerly direction along and over highway on the
